I was very much surprised and grieved more than I can now express—to learn of the sudden death of your dear father. Among all of my cousins, if I knew any preference between them, it was decidedly for him, being very near my own age, having eaten, slept and played together in our childhood days, and the enviable traits of character I saw and admired in him then, developed and ripened in his manhood, making him esteemed and loved by all. In him was personified all the stributes of a refined and cultivated nature, tender hearted, gentle, a good and clear mind, loving those whose blood coursed their veins the same as his ewn an ever present genial smile for every one, a warm grasp of the hand and a sou

And as he has only paid the debt of mortally which our poor race has done thousands of years before, the balance of us sooner or later to follow, I would not call him back. Today he stands a glori-cid snight having drawn saids the curfied spirit, having drawn aside the cur tain that hangs between time and eternity and he fully realizes and enjoys the hap piness of eternal life and companionship of those who have gone before and who he loved while here

I am informed he died an enviable death like a candle the light of mortal life al most instantly went out without a strug gle, and as he opened his eyes upon th resplendent light and glory of a spiritual existence, why should we regret his leaving? The "Ode of Life," by another. fully tells all:

MR. BRYAN says the free coinage dolwill be worth 100 cents-as good as gold. Mr. BRYAN'S free silver organ, The Cincinnati Enquirer, says "it will worth whatever it can buy in the market." Which do you believe?

AT the distance of 162 miles it looks much very like partisanship was a trifle too partisan in Louisville. If those chaps down there aren't a bit careful, they will justify all the mean things that the opposition has said about them.

THE New York Herald heads a subcription list which it proposes to start in order to pay the expenses of HENRY WATTERSON in the event of his nomination by the gold Democrats at the coming Indianapolis Convention. The Herald heads the list with \$5,000, and states that in the event of Mr. WATTERSON'S failing to receive the nomination every contribution will be refunded.

TERRENCE V. POWDERLY.formerly Master Workman of the Knights of Labor, has ounced his intention to support Major McKinley. # TOLD THE TRUTH—ACCIDENTALLY

# A Free Silver Organ Admits That the Free Silver Dollar is Dishonest.

There has been considerable speculation as to the standing of the silver dollar under a free and unlimited coinage act at the ratio of 16 to 1, as provided by the Democratic platform. We do not ask the 16 to 1, as provided by the Democratic platform. We do not ask the public to take our word for it, but quote from The Cincinnati Enquirer, which is the recognized free silver authority in this part of the country.

On July 29th The Enquirer printed this question submitted by

"If we should have the free and un-listed coinage of silver, what would the Government stand good for? Would it be redeemable or would it be worth 100 cents?

This is the answer given by The Enquirer:

"UNDER the FREE AND UN-LIMITED COINAGE OF SILVER the GOVERMMENT STANDS GOOD FOR NOTHING. IT GUAR-ANTEES NO VALUE. It simply places its stamp upon 371¼ grains of pure silver and says "This is a dol-It places its stamp upon 1-16 lar. It places its stamp upon I-10 as many grains of pure gold and says 'This is a dollar.' It does not buy either gold or silver. It simply certifies to the weight and fineness of the metal contained in the coins. They are then handed back to the persons who handed the builting to the Mints. brought the bullion to the Mints and THE COINED SILVER DOL-LARS PURCHASE WHATEVER THEY CAN IN THE MARKET."

To the further question—
"How will free and unlimited coinage enhance prices?"

The Enquirer replies:
"The free and unlimited coinage of silver will result in a great volume of money—that is, primary money—and will therefore increase prices. There will be more money to be exchanged for other things than there was formerly; consequently, EACH DOLLAR WILL BE LESS VALUABLE THAN IT WAS

Remember, gentlemen Democrats and Republicans, that this is the explanation of The Cincinnati Enquirer, the great silver organ of the Popocrats. Let every farmer, laborer and business man reflect. If you want a dollar with nothing behind it, a dollar that goes into the world to want a dollar with nothing benind it, a dollar that goes into the world to purchase whatever it can, then vote for Bryan and free silver. If you want a dollar that has the promise of the Government behind it, a dollar that goes into the market and purchases 100 cents worth, then vote for McKinley and Sound Money.

GENTLEMEN, give us your ear for a mement, please,-the free silver foolish ness is on the toboggan slide!

The Cleveland boon received a decided impetus Monday night when Mr-Hugh Wallace, of Washington, a delegate to the convention, reported here. He said that what the convention aboutl, and in his opinion would do, was to nominate Mr. Cleveland.

"There der many cuttient, for this course. The convention should be looking for a wote-getter, and beyond question Mr. Cleveland is 500,000 votes stronger than any man who can be named. It would be wise politics too. It would relieve the convention of the charge now made against it of being estimate nominated for president by the democratic party, and twice elected, and is the head of the democratic organization of the contry. With Mr. Cleveland as the candidate, this convention would go before the country as the regular performance, with Bryan as a side show. As its, Bryan is a said show. As its, Bryan is a side show. As its deshow.
